AUDITOR'S CERTIFICATE

This is to certify that I have examined the books, vouchers, bank statements and other financial records of the treasurer of the school district of Richmond, of which the above is a true

summary for the fiscal year ending June 30, 1935, and find them correct in all respects.

REPORT OF SCHOOL NURSE

The routine inspection of each pupil's hair, teeth, throat, skin, posture and general hygiene began with the opening of the school year. The classroom Growth and Weight Chart with the periodic weighing and measuring furnished a strong desire to practice rules which are simple but most important for health and normal growth.

The general appearance of the children does not indicate suffering for lack, however, there are always a few who need special food. A supply of Cod Liver Oil was distributed to pupils for whom the school physician recommended it.

Home visits were made to instruct parents and follow up defects.

Total home visits,	11
Total school visits,	22

I wish to thank the school board and local officials for their splendid cooperation.

SUPERINTENDENT'S REPORT

To the School Board and Citizens of Richmond:

I have the honor to submit, herewith, my eleventh annual report.

BUILDINGS AND GROUNDS: Only minor repairs were made about the two buildings in use. Further improvements should be made upon the land recently purchased at the Four-Corners School. It would indeed be desirable to acquire more land at North Richmond. Both buildings should be repainted this summer. Some adequate supply of water should be provided at North Richmond.

TEACHERS AND PUPILS: Fortunately no change was necessary in the teaching staff this year. Too frequent changes are incompatible with sound educational policy. The work of the children compares favorably with other schools of this type. There are 41 pupils enrolled in the Richmond schools this year, 3 in Troy, 2 in Keene High School and 7 in Thayer High School, Winchester, total of 53.

HEALTH: I referred last year to the work to be begun in our schools by the school nurse, Miss Margaret E. Harris. Elsewhere in the school report you will find the first complete report of her activities. I am sure you will be interested in the type of work being done.

In conclusion, I wish to express my full appreciation for the hearty cooperation which I have received during the past year from the School Board, parents, teachers and the general

public. It is only by united, cumulative effort and intelligent cooperation that the best results can be achieved.

Respectfully submitted,
WESLEY H. DOUGLASS,
Superintendent of Schools.

LEONARD B. ROBBINS,
Town Clerk.

The great task of the school is no longer that of preparing the individual to compete for pecuniary success in a highly competitive society, for we no longer live in a highly competitive society. Its primary task is to give the individual a realistic understanding of society and its problems, to examine critically and to test by the democratic ideal the various proposals that are being brought forward for economic and social reconstruction.

JESSE H. NEWLON,
Teachers College, Columbia University.

Educators face a fourfold challenge today, that of (1) rebuilding the family as a stabilizing factor in modern life; (2) rebuilding a moral code of adequate living to replace the inflated postwar standards; (3) rebuilding a genuine patriotism which shall include both national and international loyalties; (4) rebuilding a conception of dominating spiritual forces which were shattered in the grief and despair of war devastation and desolation.

IRMA C. VOIGHT,
Dean of Women, Ohio University, Athens.
